### Notes:

0/ ML-TL for 4 x CHN-110

1/ All panels 18mm, high quality multi-ply recommended

2/ Don't forget to angle cut the back of the driver cut-out to give it breathing room

3/ Lag internal faces 1/2in - 3/4in acoustic fibreglass, Ultratouch, SAE-F13 rated felt or similar. Double thickness on top panel and adjust quantity to taste. Additional well-teased poly-fluff may be added as volume fill if there is too much bass.

4/ bracing recommended, orient vertically, increase the dimensions to maintain cross-section area
